1. An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it **MUST** be submitted no later than the payment of the issue fee.

Authorization for this examiner's amendment was given in a telephone interview with Douglas Hanscom (reg. no. 26,600) on August 22, 2007.

The application has been amended as follows:

### **IN THE SPECIFICATION:**

In line 10 of page 2, the term "WO 02/43982 A2" was deleted and replaced with -WO 02/43962 A2--.

In line 17 of page 2 of the substitute specification filed February 9, 2005, the term "whichsupports]" was deleted and replaced with --, which supports--.

In line 15 of page 5 of the substitute specification filed February 9, 2005, the term "device]" was deleted and replaced with --device--.

In line 2 of page 7 of the substitute specification filed February 9, 2005, the term "as[" was deleted and replaced with --as--.

In line 9 of page 13 of the substitute specification filed February 9, 2005, the term "39" was deleted and replaced with --29--.

The above specification changes were made to clear up various minor typographical and grammatical errors.

IN THE CLAIMS:

In claim 49, line 1, the term "of" was deleted and replaced with --for--.

In claim 49, line 11, after "member", the following text was inserted: --; said bow having a first bow leg on a first bow end and a second bow leg on a second bow end, said first bow leg being movably supported in said holding member second end--

2. The following is an examiner's statement of reasons for allowance:

With respect to claim 49 in particular, the prior art of record fails to teach or fairly suggest a device for holding at least one dressing on a cylinder comprising all of the structure as recited, in combination with and particularly including, a dimensionally stable bow in the channel and connected to the holding member, the bow having a first bow leg on a first bow end and a second bow leg on a second bow end, the first bow leg being movably supported in the holding member second end.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
